

X-RAY AND NEUTRON SCIENCE

INTERNATIONAL STUDENT SUMMER PROGRAMME

AT ESRF / ILL AUGUST 29 – SEPTEMBER 23, 2016 GRENOBLE

SCOPE

The **ESRF / ILL International Student Summer Programme on X-Ray and Neutron Science** is aimed at **undergraduate students**. It will consist in a **4-week experimental project** embedded in a research group of ESRF or ILL, together with a **series of introductory lectures** on the principles and applications of X-ray and neutron science (magnetism, materials science, soft matter, structural biology, imaging, etc.).

LOCATION

The Summer Programme will take place at the **European Photon & Neutron Science Campus** (EPN), hosting the **ESRF** and **ILL**, located in Grenoble France.

ELIGIBILITY

Undergraduate students from a **Member Country (or Scientific Associate Country)** or **ESRF or ILL** are eligible for the Summer Programme (see detailed list on web site below). **The number of participants is limited to about 20.**

DEADLINE FOR APPLICATIONS

April 1st, 2016

FINANCIAL SUPPORT

All **selected participants** will receive **financial support and free accommodation** in Grenoble.
