

THE PARTNERSHIP FOR STRUCTURAL BIOLOGY

EMBL

NEUTRONS FOR SOCIETY

PSB Symposium Macromolecules in Action

4–5 July 2019 | EPN campus, Grenoble, France

www.esrf.fr/psbsymposium

The aim of this meeting is to illustrate how big biological questions can be resolved in structural biology through the application of interdisciplinary approaches, enhancing our understanding of the dynamic behaviour of macromolecular complexes in the cell.

Confirmed Speakers

Kathleen Collins
University of California, Berkeley, US

Petra Fromme
Arizona State University, US

Frank Gabel
Institut de Biologie Structurale, FR

Judy Hirst
Medical Research Council MBU, UK

Martin Jinek
University of Zurich, CH

Julia Mahamid
European Molecular Biology Laboratory, DE

Gaël McGill
Harvard Medical School, US

Sigrid Milles
Institut de Biologie Structurale, FR

Andrea Musacchio
Max Planck Institute, DE

James Naismith
University of Oxford, UK

Poul Nissen
Aarhus University, DK

Michael Sattler
Technical University of Munich, DE

Elena Seiradake
University of Oxford, UK

Henning Tidow
University of Hamburg, DE

Wei Yang
National Institutes of Health, US

Xiaodong Zhang
Imperial College London, UK

Organizers

Florent Bernaudat.....(PSB)

Eaazhisai Kandiah.....(ESRF)

Trevor Forsyth....(ILL/Keele University)

Marc Jamin.....(IBS)

Eva Kowalinski.....(EMBL)

Conference Assistants

Deborah Davison.....(ESRF)

Alison Mader.....(ILL)

Elena Slanickova.....(IBS)

psbsymposium@esrf.fr

Registration

Before 1st June: 140 Euros
