

# ESRF USER MEETING

8-10 February  
2021

The annual event dedicated to the ESRF user community, and to user science and future perspectives with the EBS

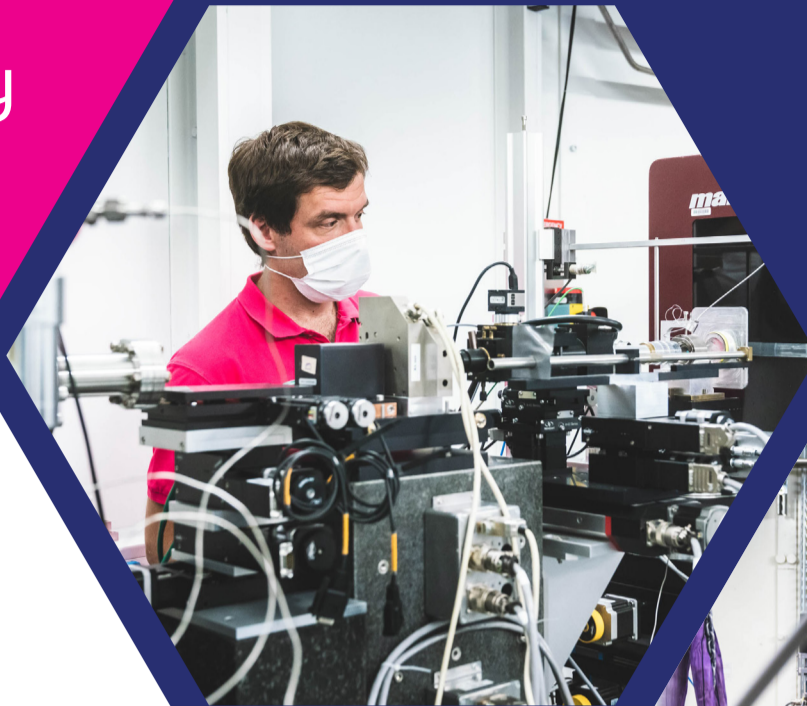

ONLINE VENUE

## 8 FEBRUARY

### 9 tutorials

Covering a wide range of theoretical and practical topics of direct interest to ESRF users

### Poster Session

## 9 FEBRUARY

### Plenary session day

► Keynote speakers:

**Maximilian Ackermann**  
Mainz University, Germany

**Pablo Beato**  
Haldor Topsøe, Kongens Lyngby, Denmark

**Danny Jonigk**  
Hannover Medical School, Germany

**Irene Margiolaki**  
University of Patras, Greece

**Letizia Monico**  
CNR-SCITEC, Perugia, Italy

► Special invited guest:  
**Professor Edith Heard**,  
Director General of the EMBL

► **Young Scientist Award**

► **Facility and EBS report**

► **Commercial exhibition** of  
synchrotron-related equipment

## 10 FEBRUARY

### 3 User-Dedicated Microsymposia

- **UDM1** Emerging viral diseases:  
How can structural studies  
help to seek remedies?
- **UDM2** Understanding  
biomineralisation: the inputs of  
micro- and nano-X-ray analysis
- **UDM3** Physics and chemistry of  
actinides seen by X-rays

## DEADLINES

- 10 November 2020** Young Scientist Award nominations
- 06 December 2020** User-Dedicated Microsymposia abstract submission
- 20 January 2021** Registration (no late registration accepted)  
Poster submission for prize and booklet

## EPN Science Campus

71 avenue des Martyrs,  
38000 Grenoble
